

## SUPPORT DE POIGNET

**IMPORTANT**  
Lire les informations ci-dessous avant d'utiliser ce produit.

**MODE D'EMPLOI**  
1. Pour ajuster l'étréille, desserrer toutes les sangles du côté radial. Glisser la main dans l'étréille de façon à ce que le support palmaire s'appuie contre la volée palmaire.

2.

Croiser la sangle élastique de poignet sur le

dessus du poignet.

3.

Sur le tissu à crochets. Une fois accrochée, la

sangle repose sur le dos du poignet.

4.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

5.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

6.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

7.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

8.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

9.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

10.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

11.

Enrouler la sangle Duraval® sur l'avant-bras,

de façon à ce que le tissu à crochets de son

extrémité reploie soit en contact avec la

partie de l'étréille sur l'avant-bras.

## WRIST SUPPORT

## IMPORTANT

The following information should be read prior to use of this device.

### INTENDED USE

The Wrist Support uses wire coils at the wrist joint axis to assist the wrist into extension. This split is recommended in S/P wrist fractures, radial nerve injuries,

and crush injuries.

Split size is determined by the width of the hand at the metacarpophalangeal joints.

Small female

5.71 – 6.98 cm

Average female, small male

7.28 – 8.26 cm

Average to large male

8.57 – 9.53 cm

Trim excess strapping.

strap along the volar surface of the split.

## Verklaring van de symbolen

### Symbolforklaring

**Caution: Federal U.S.A. law restricts this device to sale or use by or on the order of a physician (or properly licensed practitioner).**

Atención: En los EE.UU., las leyes federales solo autorizan la venta o uso de este dispositivo bajo receta médica (o de un profesional autorizado).

Attention : Selon la loi fédérale américaine, ce dispositif ne peut être vendu que sur prescription médicale.

Achtung: Laut Gesetz ist der Verkauf dieses Produkts in den USA nur auf ärzliche Anordnung gestattet.

Attenzione: La legge federale statunitense consente la vendita e l'uso di questo dispositivo esclusivamente da parte o su prescrizione di un medico (o di personale debitamente autorizzato).

Atenção: A lei federal (dos Estados Unidos) só permite a venda ou utilização deste dispositivo a médicos ou sob receita destes (ou de outro profissional devidamente credenciado).

Opgelet: In de Verenigde Staten mag dit product uitsluitend door of ap voorschrift van een arts (of een daartoe bevoegd paramedisch beroepsbeoefenaar) worden verkocht.

Forsigtig: I henhold til amerikansk lov må denne anordning kun sælges til, anvendes eller ordineres af en læge (eller anden autoriseret praktiserende).

Varoitus: Yhdysvaltain lain mukaan tuotteen saa myydä vain lääkärille ja sitä saa käyttää vain lääkäri tai lääkärin määräyksestä.

Varning: Eligt amerikansk federal lag får denna produkt endast säljas eller användas av läkare eller på läkares inrådan (eller vårdpersonal med adekvat legitimation).

Single Patient Use

Straps may be removed and laundered. Split surface may be cleansed with a mild, non-abrasive detergent and water. Air dry prior to wearing.

4.

To strap the forearm, wrap the Duraval® strap

around forearm so the hook material on the

volar surface of the split

is in contact with the

abrasive detergent and water. Air dry prior to

wearing.
